July 2025 

Thanks to everyone who made our Pentecost celebration on June 8 a great success. We celebrated with red balloons, TNT canisters of streamers, a fan blowing the Holy Spirit over us and other analogies for the fire and energy of that special day. We had a birthday party complete with decorations and the makings for a cake for the beginning of the church. That is when the disciples were energized and equipped to go out and spread the word.

The next week after the birthday party, we celebrated by dancing into the Trinity. I hope each of you is still dancing in the beautiful triangle of God, Jesus and the Holy Spirit. Put yourself in the middle of the Trinity, when you can, and stay there as long as you can. Imagine the love whirling around you and flowing through you to the world around us.

As Bill Valentine put on our sign, "the Holy Spirit is among us and within us". Let us not forget the awesome power each of us has at our disposal. Let us use that power to change the world around us with small acts of kindness and expressions of love.
